Simulator for Transportation Research

KU
THE UNIVERSITY OF KANSAS

miniSim™
Research simulator located in the Center for Advanced Transportation Systems Simulation at:

University of Central Florida
Human Factors Research
Driving Simulator
Yale University
School of Medicine
Developmental Neurocognitive
Driving Simulation Research Center
Heavy Truck Simplified Cab miniSim™ used in Industrial Engineering coursework.
Simplified Cab miniSim™ with Video Capture for Civil and Mechanical Engineering research
Human Factors and Statistical Modeling Lab (HFSM) at:

Photo: Matt Hagen / University of Washington
Research in cognitive psychology, human factors, cybersecurity and privacy
Mobile simulator for Multi-Site Clinical Data Collection

Testing of Intraocular Lenses per ANSI Z80.12-2013
Simulator for Product Development, located in Herzliya, Israel
Simulator for Product Development and Demonstrations
Simulator for Product Development and Demonstrations

GARMIN™

miniSim™
Multi-site Data Collection for Pharmaceutical Clinical Trials

Cognitive Research Corporation
Simulator for New Product Development and Research
